

COMPANY PROFILE

GLN INDUSTRIES, a trusted name in the agricultural solutions sector, serves as the export division of **KRISH AGRI BIO PRODUCTS**, a leading producer and global supplier of high-quality pesticides. With an extensive portfolio of 88 products, we are dedicated to delivering innovative, sustainable, and effective agricultural solutions to meet the evolving demands of farmers and industries worldwide.

HISTORY

KRISH AGRI BIO PRODUCTS began its journey as a small-scale unit specializing in the manufacturing of crop protection chemicals nearly a decade ago. Over the years, through strategic acquisitions, backward and forward integration, and a relentless focus on innovation, the company has emerged as a leading producer and global supplier of a diverse range of agricultural products. These include Insecticides, Fungicides, Herbicides, Plant Growth Regulators.

GLN INDUSTRIES, as the export arm of **KRISH AGRI BIO PRODUCTS**, was established to extend the company's reach to global markets. Leveraging the parent company's expertise, **GLN INDUSTRIES** is committed to providing world-class agricultural solutions that cater to the unique needs of farmers and industries across the globe.

KRISH AGRI BIO PRODUCTS operates state-of-the-art manufacturing units located in Rajkot, Gujarat, equipped with world-class technologies and stringent quality control measures. Every stage of production, from raw material sourcing to the final product, is meticulously monitored to ensure the highest standards of quality. The company's manufacturing units are certified with the International **Standard ISO 9001:2015**, reflecting its commitment to quality assurance.

The ultimate goal of **KRISH AGRI BIO PRODUCTS** and **GLN INDUSTRIES** is to build strong, long-lasting relationships with customers, understand their unique challenges, and deliver solutions that enhance productivity and crop quality.

MISSION

Our mission is to improve the quality of life for the global population by supplying high-quality agricultural products that empower farmers to increase yields and enhance crop quality. We are committed to meeting the growing global demand for food, feed, fibers, and energy through sustainable and innovative solutions.

VISION

We envision a world where farmers thrive, and agricultural productivity is maximized through the use of advanced, high-quality crop protection products. Guided by our core belief in 'Farmer First' and 'Harvesting Happiness,' we aim to create value for our customers and contribute to a sustainable future.

VALUES

Integrity: We uphold the highest standards of honesty and ethics in all our actions and decisions.

Innovation: We continuously strive to develop cutting-edge solutions that address the evolving needs of the agricultural sector.

Sustainability: We are committed to protecting the environment and promoting sustainable agricultural practices.

QUALITY POLICY :

At **KRISH AGRI BIO PRODUCTS** and **GLN INDUSTRIES**, quality is at the heart of everything we do. Our quality policy is built on the following pillars:

ENVIRONMENTAL STEWARDSHIP :

We prioritize the protection and advancement of the environment in all our operations.

MARKET LEADERSHIP :

We aim to maintain our position as a market leader by continuously innovating and delivering excellence.

QUALITY EXCELLENCE :

We strive for continuous improvement in all aspects of our business to ensure the highest standards of quality.

KRISH AGRI BIO PRODUCTS and **GLN INDUSTRIES** are dedicated to enhancing agricultural productivity and sustainability. As a leading producer and global supplier, we aim to make a positive impact on the global agricultural landscape. Through continuous innovation, a focus on quality, and a deep commitment to our customers, we are shaping the future of farming, one solution at a time.
